**DESCRIPTION OF CHURCH/ORGANISATION/PLACEMENT PROVIDER'S WORK**

Our purpose is to make a strategic contribution to moving people of the Middle East towards life-transforming faith in Jesus Christ through the creative and culturally relevant use of media.

Our work fills the gaps in media ministry. Outside Egypt and Lebanon, people in the region often lack basic media production knowledge, skills and equipment. With over 25 dialects of Arabic and hundreds of people groups in the Middle East, there is a shortage of content in people's heart languages. By equipping and developing media teams we aim to ensure there is relevant content available for communities all across the Middle East.

We believe in the power of sustainable indigenous ministry.

Our local teams present the Gospel in their dialects and in a way that addresses religious misconceptions and is culturally appropriate. We train indigenous teams in media ministry and develop them to be sustainable and replicable – to be able to train and walk alongside other new teams. This enables far more people groups to be reached with the Gospel than would otherwise be possible.
