Are you the Lead Pastor?

Yes

If not, please tell us his or her name.

The more we know about your organisation and its needs, the more equipped we will be to make an appropriate student match for placement. Our students come from a variety of church backgrounds and have different levels of experience but we always do our best to find the right fit. If you have multiple placement opportunities (ie. youth and worship) please outline the positions separately.

Please note, we cannot guarantee a placement student will be allocated to your organisation. If a student is allocated we will contact you with the details of placement.

DESCRIPTION OF CHURCH/ORGANISATION'S MISSION AND POSSIBLE PLACEMENT ROLE:

Rope Charitable Trust is an international development charity. Working through a network of 24 locally led organisations in 17 low and middle-income countries, Rope's aim is to effect transformational change in marginalised communities through the recovery of human value and vocation, and the restoration of just and peaceful relationships. We are currently seeking to deliver holistic transformation to over 8,000 people (adults and children) through education and vocational training leading to income-generating opportunities, healthcare and social welfare projects. Our UK operations team currently consists of 9 members of staff and our office is based in Amersham, though most work is currently being undertaken from staff homes due to the covid-19 situation.

Rope is currently undergoing some significant strategic changes, which will ultimately involve a change in the organisation's name later in 2021. Further information will be supplied nearer the time.

Much of our financial support comes from churches, or from individuals within the Christian church

community. One possible placement opportunity would be to assist Rope in strengthening our church support network, building relationships with our existing church supporters but also seeking to engage with potential new church support networks. This would suit someone who is well connected with the church community and confident in building relationships.

An alternative placement opportunity would be to assist our communications team in managing our visual communications, in particular photos and videos portraying our work. This will include selection and adaptation of high quality images for use within our various social media and printed communications. A keen eye for visual impact as well as attention to detail would be key for this placement role, and some photo editing experience or ability would be desirable.

Currently, we envisage both of these roles being worked through a combination of remote (home) working and some office attendance, depending on any restrictions in place at the time and the organisational/role requirements.

Please note that due to the nature of the changes we are making within the organisation, the details of the roles have not yet been fully worked out and are liable to change. We will keep LST informed of any changes that affect our partnership position or the potential roles described above.

LOCATION AND TRANSPORT OPTIONS:

What we plan to do with your information

From time to time, we will include relevant information about upcoming LST events and opportunities in our correspondence with our placement partners and more specifically, our supervisors. By ticking yes, you are confirming that you consent to LST contacting you by any of the usual channels (phone, email and post) for these reasons.

GDPR CONSENT

Yes

Thank you so much for taking the time to fill out this form.

The safety and welfare of our students is very important to us. For this reason, we would ask that all documentation be complete before the commencement of placement. Thank you so much for partnering with us.
