The more we know about your organisation and its needs, the more equipped we will be to make an appropriate student match for placement. Our students come from a variety of backgrounds and have different levels of experience but we always do our best to find the right fit. DESCRIPTION OF CHURCH/ORGANISATION/PLACEMENT PROVIDER'S WORK
Research Assistant in Practical Theology

- This placement would involve a range of tasks over the year, including:
- research support for updating of lectures within a level 4 practical theology module
 - creating and maintaining subject-specific bibliographies using Zotero
 - obtaining and, in some cases, summarising sources
 - checking references, some proofreading and photocopying/scanning
 - engaging critically with article drafts and book chapters
 - providing support in final preparations for publication
 - support in administration of the Rosina Parker Senior Seminar (and possibly opportunity to attend)

This placement is for a student who wants to see something of the academy from the 'other side of the

table'. You would need to be details-focused and willing to research a topic to a greater depth than most people will bother to try. Your capacity for critical engagement is also important and would be further developed by this placement. Self-organisation is key; however, having been an undergraduate here and so I am very open to managing your placement hours flexibly enough to work around the 'crunch' times in term when your assessments are piling up to be written.
