The more we know about your organisation and its needs, the more equipped we will be to make an appropriate student match for placement. Our students come from a variety of backgrounds and have different levels of experience but we always do our best to find the right fit. If you have multiple placement opportunities please outline them separately within this form.

Please note, we cannot guarantee a placement student will be allocated to your organisation. If a student is allocated we will contact you with the details of placement.

DESCRIPTION OF CHURCH/ORGANISATION/PLACEMENT PROVIDER'S WORK

LST

**DESCRIPTION OF POSSIBLE PLACEMENT ROLE(S) AND ANY PARTICULAR ATTRIBUTES
SOUGHT IN A PLACEMENT STUDENT**

Research Assistant. I am working on a project looking at digital theology, in particular digital ecclesiology. I am using this approach to research how global Pentecostalism has constructed an espoused and operant digital ecclesiology using virtual ethnography (or netnography). This placement will involve: (1) literature work, finding and categorising books and articles; (2) identifying potential research units, e.g. churches and denominations for study; and (3) reading draft conference papers and academic articles by me. It will be an ideal placement for anyone who wishes to understand the research side of academia, especially at the interface of theology and social science. See my LST profile for examples of my research output over 30

years.
